

Robinson Supply is now stocking the NEW 96% Efficient, Fully-Modulating Furnace by Goodman!

***BE A HERO, GIVE YOUR CUSTOMERS AN ADDITIONAL \$200 REBATE
FROM THE MA & RI* GAS COMPANIES! (EXCEPT GMVM115)**

THE BEST VALUE IN A
**MODULATION
COMBINATION**
IS NOW AVAILABLE!

Choose the Goodman brand for the BEST VALUE in a modulating gas furnace!

It's the only model that combines the benefits of a fully-modulating gas furnace with Goodman's exclusive tubular heat exchangers. The Goodman-compatible GAMM6 delivers quiet, precise temperature control with a soft-silencing modulating range from 25% to 100%. All in all, the Goodman GAMM6 Modulating Gas Furnace delivers the best combination for maximum value, energy efficient operation, precise temperature control, exclusive tubular heat exchangers and ComfortNet communicating system compatibility.
