

The world's smallest, most efficient furnace available! Up to 98% efficiency and just 33" tall!

INTRODUCING THE NEW  **YORK** HIGH EFFICIENCY (98%) FURNACE!

Dealer Advantages:

- Smallest condensing furnace available – at least 7" shorter than competitor's model
- Exclusive patented condensate management system eliminates the need for external trap
- Multiposition with the easiest conversion from upflow to downflow to horizontal (four-way configuration)
- Lowest leak rate of any furnace (less than 1% at 1" external)
- Slide out blower assembly for easy service
- Fully-gasketed independent access doors with view ports
- Quarter turn door latches
- High level self diagnostic controls with fault codes
- Folded and flattened doors contain no sharp edges while increasing cabinet rigidity
- Variable speed blower to help meet condensing unit SEERs by at least 1 point and provide humidity control at no additional cost

- Multiple venting options (PVC 1 or 2 pipe)
- Available with fully modulating gas valve and variable speed blowers
- All units can use a standard \$22 thermostat

Customer Benefits

- Most efficient furnace available – Up to 98% efficiency
- Quietest condensing furnace available – variable speed models operate at low speed most of the time with sound levels as low as 50 dBA
- Hybrid Comfort System compatible
- 5-year parts and lifetime heat exchanger warranty
- 10-year extended parts warranty available for a nominal charge
